TECHNICAL SPECIFICATIONS

	Brand	MZDYDK (Mazda Yadak)
	Origin	China
	Material	Aluminum
	Vehicle Model	Mazda pickup (B-Series / Mazda 2000)
	Technical Category	Engine cooling system
	Warranty	1 Year
	Type	Thermal (Thermostatic)
	Mounting	4 bolts
	Bolt thread	M6 x 1.0
	Rotation	Standard (Clockwise)
	Overall diameter	Approximately 142 mm
	Flange diameter	Approximately 68 mm
	Mounting hole spacing	Approximately 35 mm

PRODUCT DESCRIPTION

This clutch fan base is designed specifically for the Mazda 2000 pickup and is fully compatible with its engine cooling system. It uses a thermal mechanism to adjust fan speed based on engine temperature, ensuring optimal cooling, reduced fuel consumption, and quieter operation when the engine is cold. For best performance, always verify rotation direction and type before installation. Authenticity and quality are guaranteed by Autochana.
